# DEFINISI OPEN EDUCATIONAL RESOURCES

Wikipedia Definition on OER:

- Open Educational Resources (OER) are **freely accessible**, usually **openly licensed** documents and media that are useful for teaching, learning, educational, assessment and research purposes.
- Although some people consider the use of an **open format** to be an essential characteristic of OER, this is not a universally acknowledged requirement.
- The development and promotion of open educational resources is often motivated by a desire to curb the **commodification of knowledge** and provide an alternate or **enhanced educational** paradigm.

INNOVATIVE DESIGN

## This Is the Future of Libraries in the Digital Age

With the cyberge in full swing, this is how smart design is keeping demand for the printed word alive.

TEXT BY [KIM VELSEY](#) · Posted June 27, 2017

Adalah suatu keniscayaan bahwa perpustakaan harus mengubah posisi dan peranannya.

# PERPUSTAKAAN DI MASA KINI DAN MENDATANG

---

“ Libraries are becoming more open and light-filled and, in turn, becoming a less formal place for groups to come together and meet.”

---

Brian Lee, Skidmore, Owings, and Merrill

---

““Libraries are no longer single-purpose repositories of books dedicated to quiet study. They have become dynamic hubs.””

---

Joel Sanders, Joel Sanders Architect

---

Perpustakaan yang bertahan adalah yang mau belajar dan beradaptasi dengan perubahan zaman.

# TRANSFORMASI PERPUSTAKAAN

---

**Peran dan Fungsi Perpustakaan Konvensional**

**+**

**Implementasi Efektif**

**Teknologi Informasi dan Komunikasi**

**=**

**Transformasi Strategis**

Perpustakaan harus mampu berubah menyesuaikan diri dengan dinamika kebutuhan.

# PEMICU UTAMA PERUBAHAN

- Karena: Teknologi penciptaan, penyimpanan, penggabungan, pengolahan, dan pendistribusian data/informasi/pengetahuan secara elektronik dapat dilakukan tanpa mengenal batasan ruang dan waktu (informasi dapat diperoleh kapan saja, oleh siapa saja, dari lokasi mana saja 24 jam sehari dan 7 hari seminggu)
- Maka: Proses dan aktivitas interaksi antara manusia dan perpustakaan semakin hari menjadi semakin cepat, murah, dan fleksibel
- Sehingga: Secara cepat namun pasti terjadi proses transformasi peranan dan fungsi perpustakaan dalam kehidupan manusia akibat perkembangan teknologi tersebut.

Fenomena disruptif turut pula berpengaruh terhadap peranan perpustakaan di berbagai negara.

# TRANSFORMASI STRATEGIS

- Pusat koleksi buku dan referensi → sumber ilmu pengetahuan terkini
- Bangunan besar megah → jaringan dunia maya
- Tempat studi nyaman → komunitas masyarakat berinteraksi
- Layanan simpan-pinjam pustaka → infrastruktur individu
- Kebutuhan sesekali → gaya hidup masyarakat moderen
- Pustaka sebagai obyek bisu → akses memori secara interaktif
- Entiti berdiri sendiri → jejaring pusat unggulan
- Aktivitas tanpa konteks → proses aliansi konten dan konteks
- Akses konvensional manual → berbasis teknologi informasi
- Media tunggal → ragam bentuk representasi multi media
- Keterbatasan entitas → sumber daya elektronik tanpa batas
- Proses kerja serial → aktivitas simultan tanpa henti
- Waktu interaksi terbatas → real-time dan online 24/7
- Sistem tertutup → mesin cerdas yang belajar

Paradigma perubahan dalam dunia perpustakaan menjadi tantangan serius yang perlu dipikirkan.

# ARSITEKTUR PERPUSTAKAAN MODEREN

Perubahan harus dilakukan secara sistemik dan holistik agar memberikan dampak signifikan.

# RAGAM VISI DAN MISI

---

- Pusat informasi dan ilmu pengetahuan terkini dengan ruang gerak dan jangkauan tak terbatas
- Komunitas masyarakat berbasis informasi yang secara sadar dan aktif berinteraksi untuk mengembangkan pengetahuan
- Entitas terpenting dari infrastruktur pembelajaran tanpa henti (seumur hidup) yang harus dimiliki setiap individu
- Memori sempurna peradaban manusia yang dihubungkan dengan pusat-pusat syaraf pengetahuan di berbagai belahan dunia
- Bursa pengetahuan dan layanan ilmu yang tersedia bagi komunitas pembelajar

Visi dan misi yang dicanangkan oleh perpustakaan moderen memperlihatkan perbedaan mencolok.

# HARAPAN STAKEHOLDER PEMBELAJAR

---

- Pengetahuan merupakan kebutuhan sehari-hari, sehingga harus tersedia secara cepat, mudah, dan murah
- Pengetahuan harus dapat diakses secara fleksibel (melalui handphone, komputer, tablet, personal digital assistant, dan lain-lain) dan disimpan dalam berbagai bentuk sesuai keinginan dan kebutuhan (teks, audio, gambar, video, dan lain-lain)
- Informasi sebagai bahan mentah pengetahuan di internet tidak terseleksi dengan baik, sehingga harus ada sebuah lembaga atau entitas alternatif yang dapat membantu menyeleksinya
- Entitas tersebut (perpustakaan) haruslah menyediakan beragam layanan terkait dengan konteks kebutuhan masyarakat pengguna pengetahuan terkait – sesuai dengan ragam peranan mereka

Fungsi perpustakaan harus relevan dengan kebutuhan masyarakat moderen.

Opinions expressed by Forbes Contributors are their own.

1. How can we delight our users and customers?
2. How can we manage the library to enable continuous innovation?
3. What will make things better, faster, cheaper, more mobile, more convenient or more personalized for our users?
4. What needs could libraries meet that users haven't yet even thought of?
5. What are the things that libraries are currently doing that users already love?

Perpustakaan harus berani menelurkan gagasan terbaiknya pagi para pelanggan dan komunitas.

# PERPUSTAKAAN DI MASA KINI DAN MENDATANG

---

**A library without books was once unthinkable. Now it seems almost inevitable.**

**Libraries will only survive if the communities they serve want and need them to.**

Perpustakaan yang bertahan adalah yang mau belajar dan beradaptasi dengan perubahan zaman.
